3 Year Average of Reading, Writing & Maths Combined – 2017-2019

Three year averages are an important way to show how schools are performing across time, smoothing out variations in a single year.

To take into account varying pupil numbers each year, the three-year average is weighted by the size of the school's cohort in each year.

	3 Year Average - 2017-2019
St. Edmund's	69.89%
LA	63.72%
National	63.49%
